

## Our Crossroads, the Yellow Ribbon Journey

14 September 2008 – Today

### A PEEK AT LIFE IN JAIL

The Yellow Ribbon Project's first-ever experiential exhibition, *Our Crossroads*, was held over the weekend at Marina Square Central Atrium. The exhibition shared true-life accounts of ex-offenders with the public to inspire greater acceptance of deserving ex-offenders. Visitors also experienced mock interviews with employers to better understand the challenges ex-offenders face in securing employment. In its fifth year, the project hopes to have the support of 180 new volunteers and 150 new employers.
